I love discovering hidden, serene spots to relax and enjoy quiet moments

My cat, Slamet, was a gift from my husband – and brings such joy to our home!

SCENT YOUR MOOD

For me, scent has the power to evoke specific emotions, memories and atmospheres – which is very useful as an actor when I need to embody a certain persona on screen! Before stepping into a scene, I always choose a fragrance that resonates with my character's mood and personality – it helps me tap into the emotions more deeply. Soft, delicate scents get me in the mood for vulnerable roles; while bold, intense perfumes like All or Nothing are perfect for powerful characters.

I use fragrances in a similar way in my everyday life too. They shape my mood, so I choose different perfumes depending on how I feel – or even more important, what mood I want to have for the day ahead! Layering different perfumes to create a unique, personal scent that reflects my individuality is also a secret of mine – this creativity brings me joy, and makes me feel empowered.

If you haven't already, discover the power of a fragrance wardrobe – to scent your mood.
